

# YEARLY STATUS REPORT - 2020-2021

## Part A

### Data of the Institution

#### 1.Name of the Institution

CK College of Engineering and Technology

- Name of the Head of the institution **Dr .S.Saravanan**
- Designation **Principal**
- Does the institution function from its own campus? **Yes**

- Phone no./Alternate phone no. **04142227455**
- Mobile no **9842960407**
- Registered e-mail **principal@ckcet.com**
- Alternate e-mail **saravanan.me@gmail.com**
- Address **Jayaram Nagar**
- City/Town **cuddalore**
- State/UT **Tamilnadu**
- Pin Code **607003**

#### 2.Institutional status

- Affiliated /Constituent **Affiliated**
- Type of Institution **Co-education**
- Location **Semi-Urban**

- Financial Status **Self-financing**
- Name of the Affiliating University **Anna University, Chennai**
- Name of the IQAC Coordinator **Dr.D.Sengeni**
- Phone No. **04142227457**
- Alternate phone No. **Extn(110)**
- Mobile **+917892425885**
- IQAC e-mail address **iqac@ckcet.edu.in**
- Alternate Email address **sengeni@ckcet.edu.in**

**3.Website address (Web link of the AQAR (Previous Academic Year)**

[https://assessmentonline.naac.gov.in/public/index.php/postaccreditation/aqar\\_parta?token=zJ6URJIy2I7J1R7BJq2dOspReDJuCbPWG857F2tv&institution\\_type=3&aqar\\_id=13187&academic\\_year=2019-2020](https://assessmentonline.naac.gov.in/public/index.php/postaccreditation/aqar_parta?token=zJ6URJIy2I7J1R7BJq2dOspReDJuCbPWG857F2tv&institution_type=3&aqar_id=13187&academic_year=2019-2020)

**4.Whether Academic Calendar prepared during the year?**

**Yes**

- if yes, whether it is uploaded in the Institutional website Web link:

<http://ckcet.edu.in/internal-quality-assurance-cell-iqac/>

**5.Accreditation Details**

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
<b>Cycle 1</b>	<b>B</b>	<b>2.53</b>	<b>2016</b>	<b>25/05/2016</b>	<b>24/05/2021</b>

**6.Date of Establishment of IQAC**

**01/07/2015**

**7.Provide the list of funds by Central / State Government**

**UGC/CSIR/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.,**

Institutional/Department /Faculty	Scheme	Funding Agency	Year of award with duration	Amount
<b>Nil</b>	<b>Nil</b>	<b>Nil</b>	<b>Nil</b>	<b>Nil</b>

**8.Whether composition of IQAC as per latest NAAC guidelines**

**Yes**

- Upload latest notification of formation of IQAC [View File](#)

**9.No. of IQAC meetings held during the year**      **2**

- Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website?      **Yes**

- If No, please upload the minutes of the meeting(s) and Action Taken Report      No File Uploaded

**10.Whether IQAC received funding from any of the funding agency to support its activities during the year?**      **No**

- If yes, mention the amount

**11.Significant contributions made by IQAC during the current year (maximum five bullets)**

Conducted various trainings on digital teaching aids to ensure the effective teaching and learning process.

IQAC encouraged and supported faculty members and students to engage in research activities.

Motivated the students and faculties members to utilize and register more online courses in NPTEL, coursera etc.,

IQAC extended the institutions in the community through various social outreach programs..

It played a pivotal role in Stakeholder feedback and Quality Improvement

**12.Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year**

Plan of Action	Achievements/Outcomes
To strengthen the online teaching and learning ecosystem.	Various trainings conducted and ensured the effective teaching learning process
To formulate a student-centric plan to address the challenges faced by students during the pandemic.	The institution observed a notable increase in student participation in online events and activities.
To design robust online examination systems and plagiarism checks.	The institution successfully conducted online examinations, and the integrity of the assessment process was maintained
To engage the Institution in various community development programs	CKCET involvement in community development positively impacted the lives of local residents

13. Whether the AQAR was placed before statutory body? **Yes**

- Name of the statutory body

Name	Date of meeting(s)
Governing council	02/02/2021

14. Whether institutional data submitted to AISHE

Year	Date of Submission
2020	28/02/2022

**15. Multidisciplinary / interdisciplinary**

The multidisciplinary/interdisciplinary approach encourages students to gain knowledge and insights from multiple disciplines. It promotes a holistic understanding of complex real-world problems, enabling students to develop comprehensive solutions. By blending knowledge from different domains, the approach fosters creativity and innovation.

Interdisciplinary projects and research opportunities facilitate collaboration and teamwork among students and faculty members. It

creates an inclusive learning environment where diverse ideas and expertise come together.

Graduates with multidisciplinary exposure are better equipped for a rapidly evolving job market.

CKCET encourages students and faculty members to articulate their commitment to promoting cross-disciplinary collaboration and integration of knowledge.

CKCET has adequate infrastructure and resources to support the students and faculty members to carry out multidisciplinary/interdisciplinary activities such as collaborative research centers, cross-disciplinary labs, etc inside and outside the Campus.

#### **16.Academic bank of credits (ABC):**

CKCET is being an affiliating College of Anna University, Chennai it follows the choice based credit system(CBCS) which fosters interdisciplinary learning as students can choose courses from multiple disciplines and customize their academic journey based on their interests and career goals. The Institute adopts Learner Centric Pedagogical approach the Student has the privilege to choose their Elective papers for each programme's B.E, M.E, and M.B.A. This meets the preliminary step of the bigger goal of implementing the Academic Bank of Credits.

As per the guidelines received from University Grants Commission (UGC), the Institute shall take the initiative to implement ABC for the upcoming year admitted students and make students to register on the ABC portal.

#### **17.Skill development:**

Skill development plays a vital role in preparing students for the dynamic and competitive job market. At CKCET the year 2020-21 witnessed significant efforts and initiatives aimed at enhancing the skill sets of students, empowering them to meet the challenges of the modern world. This report outlines the various skill development activities and achievements undertaken during the academic year.

1. Skill Development Workshops and Training Programs: Throughout the year, CKCET organized a series of skill development workshops and training programs, catering to diverse domains and industries. These workshops were conducted both in-person and

online to ensure accessibility for all students, regardless of their physical presence on campus due to the pandemic. Topics covered included communication skills, leadership development, time management, problem-solving, and digital literacy.

2. Industry-Academia Collaborations: CKCET forged partnerships with renowned industries and organizations to offer skill-oriented training and internship opportunities to students. Collaborative efforts were made to align the curriculum with industry requirements, allowing students to gain practical exposure and hands-on experience in their chosen fields.

3. Internship and Practical Training: Recognizing the significance of real-world experience, CKCET encouraged students to pursue internships during vacations or semester breaks. The institution's career development cell actively facilitated internship placements for eligible students in various industries, helping them apply their theoretical knowledge in practical settings.

4. Entrepreneurship Development: CKCET fostered an entrepreneurial spirit among students by organizing entrepreneurship development programs. These initiatives aimed to nurture innovative ideas and provide guidance on setting up and managing successful ventures. Support for startup ideas, mentorship sessions, and access to incubation facilities were made available to aspiring entrepreneurs.

5. Language Proficiency Programs: To enhance students' language skills and make them globally competent, CKCET offered language proficiency programs in English and other foreign languages. These programs focused on improving communication, writing, and presentation skills, which are vital for professional success in today's interconnected world.

6. Virtual Internships and Webinars: Amidst the pandemic-induced limitations, CKCET arranged virtual internships and webinars in collaboration with international institutions and subject matter experts. These online initiatives exposed students to a broader range of skill development opportunities, transcending geographical boundaries.

7. Skill Assessment and Certification: CKCET introduced skill assessment and certification programs to recognize and validate students' acquired competencies. These certifications added value to their resumes and provided evidence of their skill proficiency

to potential employers.

**8. Alumni Interaction and Guidance:** The institution organized alumni interactions, inviting successful graduates to share their experiences and insights with current students. These interactions inspired students and provided valuable career guidance and mentorship.

**9. Soft Skills and Personality Development:** CKCET integrated soft skills and personality development modules into the regular academic curriculum. Emphasis was given to interpersonal skills, emotional intelligence, and overall personality grooming.

The year 2020-21 witnessed a holistic and well-structured approach to skill development at CKCET. The institution's commitment to nurturing students' talents and preparing them for the professional world was evident through a diverse range of workshops, training programs, internships, and industry collaborations. By fostering a culture of continuous learning and upskilling, CKCET aimed to produce well-rounded individuals equipped with the necessary skills to excel in their careers and contribute to society. The success of these skill development initiatives is reflected in the improved employability and self-confidence of students, paving the way for a promising future for the CKCET community.

**18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

CKCET recognizes the rich heritage of Indian knowledge systems and their importance in providing a well-rounded education to students. The academic year 2020-21 witnessed the institution's dedicated efforts in appropriately integrating Indian knowledge systems into the teaching and learning process. This report highlights the initiatives undertaken to infuse Indian languages, culture, and online courses to create a holistic educational experience.

**19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

Focus of CKCET on Outcome-Based Education during the academic year 2020-21 resulted in significant improvements in the teaching-learning process and the overall development of students. The clear definition of learning outcomes, student-centered teaching approaches, continuous assessment, and industry-relevant skill

development collectively contributed to producing well-rounded graduates equipped to face real-world challenges. The institution's commitment to Outcome-Based Education reflects its dedication to providing quality education and preparing students for a successful and impactful future.

## 20.Distance education/online education:

In response to the global pandemic and the need for flexible learning options, CKCET (Your Institution's Name) swiftly adapted to distance education and online learning methodologies during the academic year 2020-21. This report highlights the institution's initiatives in implementing distance education and online education, the challenges faced, and the outcomes achieved.

1. Rapid Transition to Online Education
2. Development of Online Learning Resources
3. Support for Online Learning
4. Online Assessments and Examinations

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

CK College of Engineering and Technology is affiliated to Anna University, Chennai. Our institution adheres to Anna University's curriculum, which offers students a well-organized and all-encompassing education, aligned with the high standards set by our esteemed university.

To achieve effective delivery of the university curriculum at the college level, we undertake the following measures:

- The institution's academic calendar is designed as per university's academic schedule.
- The academic calendars help faculty members to plan their respective academic activities.
- Lesson plans , lecture notes, question bank, lab manuals are prepared by the faculty members and it is reviewed by

both HoD, Principal and IQAC cell.

- The institution identifies curriculum gap and bridges it through Industrial oriented Guest Lecture (IOGL), Industrial Practical Knowledge Training (IPKT), Guest Lecture and Value Added Course.
- Innovative teaching methodologies are implemented and Students are motivated to do courses in IIY platform like NPTEL.
- Remedial coaching is given to slow learners and merit mission concept is implemented for advance learners.
- The class committee meeting serves as a platform for collaboration, communication, and decision-making to ensure the smooth functioning of the class and the well-being of students.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

- The institute prepares an institute-level calendar and subsequently every department prepares its calendar with Internal Assessment Test (IAT) schedule. We prepare well-structured lesson plan that minimizes the risk of missing critical content and maximizes learning efficiency. Department heads closely supervise and monitor the completion of the syllabus as per the lesson plan prepared by faculty members. Internal Assessment Test (IAT), assignments and seminars are part of the Continuous Internal Evaluation (CIE) of students. There is a well-defined process for the conduct of CIE as per the calendar of events. The Exam Cell Coordinator will be responsible for preparing the schedule for the Internal Assessment

Test (IAT) and obtaining approval from the principal. The course instructors prepare IAT question papers based on the revised Bloom's Taxonomy along with course outcome, reviewed by the academic coordinator and approved by the department Head. Post IAT, evaluation of answer scripts, and calculation of CO-PO/PSO attainment are carried out by respective Course Instructors. Continuous evaluation and assessments are also done for laboratory course, project work, seminars. club activities are an integral part of the student experience, contributing significantly to personal and academic development while enriching the overall campus life. The Principal, through the academic committee meetings, frequently reviews the semester's progress and provides suitable suggestions through google meet.

**1.3 - Curriculum Enrichment**

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

CK College of Engineering and Technology is affiliated with Anna University, demonstrates a strong commitment to addressing important issues like Professional Ethics, Gender, Human Values, Environment, and Sustainability. These concerns are thoughtfully integrated into the academic programs to nurture students into compassionate and aware citizens of our country. The incorporation of awareness about Professional Ethics, Gender, Human Values, Environment, and Sustainability is not limited to core subjects but also extends to the Generic Electives papers. This approach ensures that students receive a well-rounded education that includes these essential aspects. A list of relevant papers (Core, Skill Enhancement Course, and Generic Electives) can be found in the provided link. In summary, CK College of Engineering and Technology ensures that its curriculum not only imparts technical knowledge but also fosters awareness, sensitivity, and responsibility towards important societal and environmental concerns. The college is dedicated to enhancing the curriculum by providing various means to deepen students' understanding of Professional Ethics, Gender, Human Values, Environment, and Sustainability. This is achieved through organizing special lectures, workshops, and conferences, all of which are aimed at enriching their knowledge on these vital topics. For specific details on these initiatives, please refer to the attached link.

Number of seats filled against seats reserved (Data Template)	<a href="#">View File</a>

### 2.2 - Catering to Student Diversity

#### 2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

CKCET admits students in the first year through Tamil Nadu Engineering Admission (TNEA) counseling and Management quota,

and in the second year through TNEA lateral entry counseling and Management quota. Due to the COVID-19 pandemic, the 2021-22 batch attended programs and regular classes through both online and offline modes, with a well-organized timetable.

CKCET acknowledges students' diversity and prioritizes their learning outcomes. After internal assessment I, students are divided into two groups based on IAT-1 performance: slow learners (average below 50%) and advanced learners (average above 50%).

Before the first semester begins, a bridge course familiarizes students with Engineering concepts and subjects. Advanced learners are encouraged to participate in technical events, do mini projects, and take leadership roles in curricular activities.

To support slow learners, evening coaching, tutorial classes, and assignments are provided. They are given question banks and previous university question papers to practice. Slow learners are grouped with advanced learners during laboratory classes for peer counseling and learning. Additionally, mentors offer special emphasis to help them overcome learning difficulties, ensuring successful program completion.

CKCET's inclusive approach fosters better learning outcomes for all students, regardless of their capabilities and backgrounds.

### 2.2.2 - Student- Full time teacher ratio (Data for the latest completed academic year)

Number of Students	Number of Teachers
386	97

File Description	Documents
Any additional information	<a href="#">View File</a>

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

- The academic council convenes annually to discuss effective teaching and learning techniques, focusing on experiential, participative, and problem-solving approaches.
- Experiential learning is facilitated through internships and practical training in real workplaces, while project-based assignments enhance learning experiences. Participative learning is promoted through workshops, seminars, and interactions with professionals, fostering technical knowledge and communication skills.
- Open electives and discussions with experts encourage interdisciplinary learning. Instructors use problem-solving to convey ideas, engaging students in group discussions for meaningful learning.
- Activities like ideation contests, Hackathons, and presentations foster problem-solving skills. These approaches empower students to actively participate in their learning journey, promoting holistic development and readiness for careers or further education. The institution remains committed to innovative pedagogy, preparing students for real-world challenges and success.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

- The institution embraces technology to enhance teaching and learning experiences through ICT-enabled methods alongside traditional classroom teaching. Faculties are trained to utilize

various ICT tools mentioned in their lesson plans, such as smart classrooms, LCD projectors, Google Classroom, mobile learning, video conferencing, and digital boards.

- Smart classrooms integrate digital displays, whiteboards, and audio/visual components, making lectures engaging and interactive. Visual learning using smart technology aids like graphs and presentations accelerates subject comprehension and information retention.

- LCD projectors facilitate PowerPoint presentations and NPTEL video lectures. The institution established an NPTEL Local Chapter, providing online web and video courses for different streams. Faculty members and students complete NPTEL courses, enhancing their knowledge.

- G classroom and open-source learning management systems distribute course materials and administer online tests.

- Video conferencing tools like Zoom, Google Meet, and Webex enable regular academic classes, webinars, and technical talks, especially during unusual circumstances like COVID-19.

- The usage of digital boards is emphasized, ensuring proper planning, organization, and teacher training for seamless integration. Interactive features engage students actively in problem-solving and collaborative activities.

- Incorporating visuals, multimedia, and interactive applications enriches learning experiences, providing a dynamic and enjoyable learning environment. By leveraging technology, the institution strives to create an effective and engaging teaching-learning process for students and faculties alike.

## 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

During the orientation program, students are well-informed about the university's norms for awarding internal assessment marks and regulations pertaining to internal assessment tests and university examinations. The Academic activity plan and Internal Assessment Examination Schedule, as per COE notifications, are prepared in accordance with the Academic Calendar. The Department Exam cell creates and shares the timetable for the Assessment tests, including two IATs and one Model Exam, displayed on the notice board and circulated to students.

The IAT and Model Exam are each conducted for 100 marks with a 3-hour duration. Additionally, Daily Tests help identify slow learners, who are then provided with Special Remedial Classes to enhance their performance. The question paper pattern includes Part A (20 marks), Part B (65 marks), and Part C (15 marks), summing up to 100 marks.

Evaluated answer sheets are given to students in the classroom, and they can seek clarifications from teachers regarding the marks awarded based on the discussed valuation scheme. Internal Assessment marks are compiled and displayed on the notice board and updated in the ERP system. Remedial classes are held to support slow learners, and re-exams are arranged for them, with updated marks published on the notice board.

Attendance and Assessment marks are periodically entered into Anna University's Web Portal in four scheduled phases within a semester. Students can access their attendance percentage and marks through the Anna University Student login.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

The college has established a grievance redressal mechanism for internal and external evaluation issues. Students can review their assessed internal test papers for self-assessment and discuss any concerns with the teacher. Unresolved grievances are forwarded to the Vice Principal through the Head of the Department.

Regarding university assessment, students have several options for redressal. They can apply for verification of answer books, verification with photocopies of answer books, or challenge the evaluation of answer books. Applications for verification must be submitted within 21 days of the exam results' declaration. Photocopies of answer books for practical exams are not provided.

Students can obtain the application form for photocopy and verification from the college and submit it within 12 days of the general result declaration. If not satisfied with the marks awarded, they can challenge them within 8 days of receiving the photocopy.

The college ensures efficient evaluation of first-year undergraduate exams, submitting results to the university promptly, and displaying mark sheets on the college website. Group grievances related to university assessments are also addressed by the college.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

CK College of Engineering and Technology (CKCET) ensures transparency and clarity in its educational offerings by defining and displaying Programme and Course Outcomes (POs and COs) for all its programs. These outcomes are available on the institution's website and effectively communicated to both teachers and students.

The POs represent the broader goals and learning outcomes expected from each academic program, outlining the knowledge, skills, and attitudes that students should acquire by the end of their studies. On the other hand, COs are more specific and pertain to individual courses within the program, highlighting the objectives and expected outcomes for each subject.

By clearly defining and communicating POs and COs, CKCET sets clear expectations for its students and faculty members. This transparency helps in aligning teaching methods, assessments, and evaluations with the intended learning outcomes, thus ensuring a more effective and focused educational experience.

Adherence to these defined outcomes ensures that CKCET maintains a quality-driven approach to education, continuously evaluating and improving its programs to meet the changing needs of the industry and society while empowering students with the necessary knowledge and skills for their future endeavors.

Upload COs for all Programmes (exemplars from Glossary)	<a href="#">View File</a>

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Course outcomes (CO) are statements that describe the skills and knowledge students should acquire upon completing a course. The attainment of these outcomes is evaluated using both direct and indirect assessment methods. Direct attainment is determined by considering student performance in internal assessments and external assessments, weighted at 60% and 40%, respectively.

Internal assessments include internal tests, model examinations, assignments, and seminars. The course outcome target attainment levels are set before the course begins by the faculty and reviewed by IQAC (Internal Quality Assurance Cell).

The level of attainment is measured as the percentage of students achieving the predefined benchmark values. For the 2017 and 2021 regulations, the benchmark values for internal assessments are set at 70 and 60 marks, respectively.

There are three levels of attainment for internal assessments, based on the percentage of students who score the benchmark value:

The overall course outcome attainment is calculated as follows:  
 Total CO Attainment = 80% of Direct Assessment + 20% of Indirect Assessment.

Direct attainment is further broken down into 60% for internal assessments and 40% for external assessments.

**Total CO Attainment = 80% of Direct Assessment + 20% of Indirect Assessment**

### 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The Institute has created an ecosystem for research and

innovation by developing desirable human resources for knowledge creation and dissemination to students and faculty members through various cells like Research and Development Cell, the Institute Innovation Council, the Student Innovation Club, and the Entrepreneurship Development Club. The Research and Development Cell is primarily engaged in publications, conferences, research grants, FDP, patents, and other extension activities. For the year 2020-2021, published 28 research papers in reputed journals, generated revenue of Rs. 69,450 through consultancy in Building Materials. The IIC was established in 2019 to provide students with a more innovation and entrepreneurship focused ecosystem. In the academic year 2020-21, over 96 activities (31 IIC activities, 08 MIC activities, 55 self-directed activities) were conducted and rated 4 stars, ranking the college 41st among all colleges across India. The SIC club highlights the importance of student innovation. Around 58 students were certified for participating in various events at different colleges. Students participated in Smart India Hackathon 2020 organized by AICTE. The Entrepreneurship Development Cell was set up to improve the student community and in turn the society. The cell comprises more than 25% of students from all disciplines and around 9 programs were conducted.

**3.4 - Extension Activities**

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

CK College of Engineering & Technology seeks not only at providing excellence education for achieving desired proficiency but also offer opportunities for holistic progress of the students building them responsible citizens. The students are enthusiastically exposed to community service and other extension activities sharpening them on diversified social issues and connecting them in addressing the issues. The following extension activities were organized in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year 2020-2021:

1. Special Camping - Tree Plantation:

Focused on afforestation, reforestation, and native tree species to restore ecosystems and create green urban spaces.

1. Yoga for Health and Well-Being:

Guided yoga programs promoted physical, mental, and spiritual well-being through various styles and qualified instructors.

1. COVID-19 Relief Measure Camp:

Provided medical services, essential items, mental support, and healthcare to vulnerable communities during the pandemic.

1. Webinar on Mental Health during COVID Lockdown:

Addressed mental health challenges during lockdowns, emphasizing support, self-care, and professional help-seeking.

**1. Tree Plantation Drive on World Environment Day:**

Large-scale tree planting initiatives tackled deforestation, climate change, and habitat loss for environmental conservation.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

One of the most distinctive features of CKCET is the modern facility it provides to both students and educators. The college has administrative and academic facilities needed as per AICTE norms. The college is equipped with sufficient lecture halls, labs, drawing rooms, seminar rooms, and smart rooms. Additionally, the campus is strengthened by a range of facilities, including auditoriums, magnificent open spaces, outdoor stages, and further, that support varied activities. One standout feature of CKCET is the excellently planned and substantial facilities provided for both students and professors. The five academic blocks of the CKCET are A, B, C, D, and G BLOCKS, each of which is highly specialized in its field of study. Each of these unique blocks is made to be equipped with the lab necessities and to provide the perfect setting for educational and research activities that aid in the students' practical training. The thoughtfully constructed smart classrooms are outfitted with everything needed for a relaxing learning environment. The Chinni Krishna hall, which is commonly utilized by students, is quite remarkable. It can hold 200 students and is equipped with centralized air conditioning, a gorgeous stage, enough lighting, Wi-Fi, and an LCD display that enables video conferencing and connects professionals from around the world. This room is used to host a variety of

activities, including seminars, guest lectures, practical training sessions, faculty development programs, etc. The college also provides the foreign language class

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

The physical education and sports facilities readily accessible to CKCET students help them stay in shape and foster a spirit of competition. Games like chess, table tennis, and carrom are provided in indoor sports facilities to help kids develop their hidden talents. Numerous outdoor sports, including shotput, discus throw, javelin throw, cricket, volleyball, track, kabaddi, football, and others are all practiced in separate, vast playgrounds with the appropriate sporting equipment. Sports competitions are organized annually to assess how athletes' performance evolves over time. The college has the necessary facilities to host cultural events. At the national and college levels, the students participate in a variety of inter- and intra-college events. Students from several institutions participate in the institution's annual holiday celebrations, which include cultural activities which includes dance, mime, drama, and singing. The college honors its top students with an ultimate prize each year. The college also has a yoga and meditation room to help its employees and students retain their inner peace. The college also provides students with access to cutting-edge gym equipment so they can keep up their physical health.

#### 4.2 - Library as a Learning Resource

##### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

A well-established central library is automated at CK College of Engineering & Technology using an Integrated Library Management System (ILMS) and the My Class Board ERP program. The ILMS offers seamless access to books, journals, and digital resources by streamlining library operations including cataloging, circulation, acquisitions, and serials administration. Through the extensive online catalog, researchers, faculty members, and students can quickly search for and discover materials. The ERP software's integration with the library improves internal

communication and teamwork, enhancing the educational environment. By embracing digital transformation, CK College encourages a positive learning environment while enabling its stakeholders to explore knowledge and creativity.

**4.3 - IT Infrastructure****4.3.1 - Institution frequently updates its IT facilities including Wi-Fi**

One of the key resources for supporting teaching, learning, and administrative procedures in any engineering college is the IT infrastructure. A dedicated IT management staff works for CKCET IT facilities. System administrators and network maintenance in-charges make up ITM, and their job is to manage the entire IT infrastructure. ITM starts updating computer hardware, software, networking, and internet resources as and when necessary. The ITM creates a maintenance schedule and begins work in accordance with it. Additionally, it takes on the work whenever the departments or the administration need upgrades or maintenance. The ITM team regularly upgrades the RAM to a maximum of 4 GB and the hard drives to SSD models. The institution has a broadband connection with a 50 MBPS speed. Students and professors on campus can benefit from the Wi-Fi facility's availability 24 hours a day. Regular upgrades are made to the computer systems. The necessary software is acquired and the license is renewed in accordance with the curriculum updates. In order to provide better internet connectivity, the internet bandwidth connectivity is improved. The campus is equipped with Wi-Fi, and it is regularly improved. For increased security, a fire wall and antivirus software are installed.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The institution has put in place well-defined systems and procedures to effectively maintain and utilize its physical, academic, and support facilities, which include the laboratory, library, sports complex, computers, and classrooms.

LABORATORY:

For the laboratory, regular maintenance and safety checks are carried out to guarantee that the equipment is functioning correctly and that all safety protocols are followed. Any damaged or faulty equipment is promptly repaired or replaced.

#### LIBRARY:

In the library, an automated system is used to manage book circulation and membership. Additionally, an annual stock verification process is in place to remove damaged or outdated books from circulation.

#### SPORTS:

The sports complex is well-maintained through routine cleaning and the periodic inspection of sports equipment. Necessary repairs and anti-rusting treatments are conducted to ensure the equipment's longevity and safety.

#### INFORMATION TECHNOLOGY:

As for the computers, the media team takes care of their maintenance and upgrades as needed. Lab assistants under the supervision of the system administrator handle the day-to-day operations, ensuring the smooth functioning of the institution's computer systems and accessories.

#### CLASSROOM:

The classrooms are maintained by a dedicated building committee, and the Head of Department (HOD) communicates any requirements for classroom furniture and infrastructure to the principal. Adequate financial provisions are made available through the institution's development fund for the maintenance and repair of furniture and electrical equipment.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )

**CK College of Engineering and Technology believes in fostering participatory management, involving all stakeholders in decision-**

making processes. As an institution, we recognize the significance of students as key stakeholders and actively engage them as partners in various activities, ranging from curricular enhancements to administrative decisions and development initiatives. By actively involving students in governance, we aim to create a mutually beneficial environment where both the institution and the students can thrive. This approach offers numerous advantages. Firstly, students gain valuable managerial skills and leadership qualities, preparing them for future challenges in their professional lives. Secondly, the management and administration leverage the students' perspectives and insights to address their welfare and grievances effectively. This collaboration leads to the formulation of well-rounded policies that cater to the needs and aspirations of the entire student body. We firmly believe that today's students are tomorrow's alumni, and by nurturing their active involvement in the institution's affairs, we build a strong sense of ownership and loyalty among them. Together, we create a harmonious community where everyone's voice is heard, and decisions are made collectively for the continuous betterment of CK College of Engineering and Technology.

#### 5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

CKCET ALUMNI ASSOCIATION (REG.NO 11/2016) is registered in the Cuddalore Sub-Registrar Office of the Tamil Nadu Registration Department. CK College of Engineering & Technology has a well-established central library automated using an Integrated Library Management System (ILMS) alongside My Class Board ERP software. The ILMS streamlines library functions, including cataloging, circulation, acquisitions, and serials management, offering seamless access to books, journals, and digital resources. Students, faculty, and researchers can swiftly search and locate materials through the comprehensive online catalog. The library's integration with the ERP software enhances communication and collaboration within the institution, enriching the academic experience. By embracing digital transformation, CK College empowers its stakeholders to explore knowledge and innovation while fostering a conducive learning environment.

## GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

#### VISION

- To be one of the leading educational institutions in engineering education and research activities, contributing to the progress of society.

#### MISSION

- To provide high-quality education to students in a diverse learning environment.
- To prepare the next generation of skilled and ethical engineers by providing excellent theory and practical knowledge.
- To partner with communities to provide them with educational, technical and cultural support.

#### CELLS & COMMITTEES

The following committees have been constituted in our institution for the efficient management and administration.

- IQAC Cell
- Anti-ragging Committee
- Women Development Cell
- Disciplinary Committee

- Parent Teacher Association
- Students Member Council
- National Innovation & Startup Policy Committee
- Cultural & Events Committee
- Entrepreneurship Development Cell
- Alumni Association
- Industrial Practical Knowledge Committee
- Institute Innovation Committee
- R&D Cell
- Training, Internship & Placement Cell
- Career Guidance Cell
- Win @ Life Committee
- ISTE Staff Chapter Committee

#### CLUB ACTIVITIES

The following clubs has been started in CKCET in order to enhance the leadership and interpersonal skills of the students.

#### TECHNICAL CLUBS

- Science Club
- IoT
- RPA
- W-App / M - App Development

- Code Club
- Robotics/Embedded
- Drone/Aero Modeling club.
- Automobile (E-Vehicle) club
- Green Eco-Club.
- AI Club

#### NON-TECHNICAL CLUB

- Photography club.
- Ravi Varma Creative club
- Muthamizh Mandram
- Literary Club

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Our institution places a strong emphasis on effective management and administration, which is achieved through decentralization and participative decision-making involving all stakeholders. The management firmly believes in granting independence to employees across all areas of the decision-making process, fostering a sense of ownership and responsibility among the staff.

The college administration serves as the backbone of our

institution, dedicated to providing quality education to society. Ensuring smooth functioning in areas like admissions, account and finance, evaluation, supervision, and maintenance is a priority for the management.

Our faculty members maintain healthy relationships with students, colleagues, and the community. They execute policies and programs with accuracy and constructiveness, representing ethical values and professionalism in education.

Departments are instrumental in delivering academic excellence across all activities. The respective heads and department members align their roles and responsibilities with the institution's vision and mission.

Additionally, our institution has established various committees and cells to ensure efficient management and administration. Our institution continues to strive for excellence in all aspects of education and administration. We value the contributions of all stakeholders and remain committed to providing a nurturing and innovative learning environment for our students and staff alike.

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The Institution has developed a strategic plan and adopted for improvement of the institution are as follows;

- Efficient teaching-learning methods through Academic planning and preparation of Academic Calendar with proper lesson plan and guidance by the qualified faculties.
- Faculty meetings are scheduled accordingly with the heads of the department. The minutes of the meetings are communicated to the principal who consolidates suggestions

for approval.

- Encourage students to qualify them in MOOC through Invest in Yourself courses.
- Industry Institute Partnership Cell enriches the employability skills of the students by industry-institute interaction.
- Encourage students to participate in co-curricular events and win prizes through Students Innovation Cell.
- Encourage students to participate in Extracurricular activities carried on by physical director.
- Encourage entrepreneurship through Entrepreneurship Development Cell, strengthen alumni engagement, and sign MOU with industries.
- To encourage the faculty members to pursue research and publish two of their paper work in a year in UGC approved national and international journal with the support of Research and Development Cell.
- Faculty members are motivated and guided to prepare and submit research project proposals to various funding agencies.
- The IQAC of the institution is empowered to conduct academic audits twice in the year to ensure the quality in all aspects
- Ensuring T&P Committee guiding students to enhance their skill development for their successful career placements.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The college has established three designations for teachers: Assistant Professor, Associate Professor, and Professor. To be eligible for the position of Professor, one must hold a Ph.D. and meet other academic requirements set by the AICTE. The pay structure for teachers and librarians includes two pay bands, with different stages of Academic Grade Pay (AGP) to allow for upward career movement.

For Assistant Professors in technical institutions, the pay band is Rs. 15600-39100 with AGP of Rs. 6000. Associate Professors are placed in the pay band of Rs. 37400-67000 with AGP of Rs. 9000. They may be appointed based on certain criteria, including experience and academic performance. The selection procedure for faculty members includes advertising, scrutiny of applications, interviews, and appointment offers. Probation for new employees lasts for 6 months, extendable by another year. Retirement age is set at 60 years. The employment terms include adherence to college policies, full-time dedication, confidentiality, and compliance with rules and regulations. Resignation requires prior notice, and termination may occur with notice or immediately in cases of misconduct. Overall, the college provides a clear and structured pay scale and service conditions for teachers and librarians, aiming to ensure academic growth and performance-based career progression.

### 6.3 - Faculty Empowerment Strategies

#### 6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

Our CK College of Engineering & Technology places significant emphasis on the welfare and growth of its staff members. To ensure their satisfaction and retention, we offer competitive salaries and regular increments based on their qualifications, experience, and performance, thereby motivating and retaining talented educators. Understanding the importance of health and well-being, the college provides comprehensive health insurance coverage for faculty members and their families through ICICI Lombard General Insurance Pvt. Ltd, encompassing medical expenses, hospitalization, and emergencies. Encouraging professional development is a priority, and faculty members are financially supported in participating in workshops, seminars, and conferences to enhance their skills and knowledge. To support faculty members in handling their duties, we provide

Child Daycare facilities. Additionally, recreational spaces have been established on campus to well-being of our faculty. To ensure the excellence in teaching and research, institute implemented performance-based incentives for the staff members to recognize and reward their outstanding contributions. Addressing personal or professional challenges, we have established Employee Assistance Programs (EAPs) providing counseling services, stress management programs through CKPL. Supporting research endeavors, we offer research grants and funding opportunities to encourage faculty members to conduct cutting-edge research and publish scholarly work. Moreover, travel grants are provided to facilitate their participation in conferences and collaboration with international institutions.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The Appraisal Policy of CK College of Engineering & Technology aims to establish an equitable, transparent, and efficient system for evaluating employee performance within our esteemed institution. Its objectives are manifold: to acknowledge and reward exceptional accomplishments and link salary increments and promotions to merit and performance.

The policy encompasses diverse appraisal criteria tailored to individual roles at the college, including Teaching Performance, Research and Publications, Academic Leadership, Professional Development, and Service to the Institution. The appraisal process entails a thorough evaluation, incorporating self-assessment, appraiser evaluation, and 360-degree feedback, culminating in an appraisal meeting to discuss.

Appraisal ratings are used to categorize performance levels, ranging from Outstanding and Commendable to Satisfactory, Needs Improvement, and Unsatisfactory. Employees who receive a "Needs Improvement" rating will be supported through a Performance Improvement Plan (PIP).

Salary increments and promotions will be directly linked to appraisal ratings and available vacancies, prioritizing employees with higher performance ratings. The policy will undergo regular reviews to ensure its effectiveness and alignment with the college's goals. Overall, the aim of this appraisal policy is to create a positive and constructive work environment, fostering professional growth and recognizing excellence while contributing to the continuous progress of our institution.

### 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The college is a privately self-financed institution and relies solely on tuition fees as its primary revenue source, adhering to the fee structure mandated by the State Government.

To supplement finances, various fund-generating initiatives are in place, such as online examinations and department-level consulting activities. The annual budget is prepared considering departmental needs, infrastructure development, technology requirements, and routine expenditures like salaries and promotions.

The Executive Director, holding financial and administrative powers, scrutinizes expenditure proposals submitted by department heads before presenting a consolidated budget to the Management for approval. Coordinators of various cells also submit budgets through the principal. Approved funds are utilized for academic and administrative expenses, with a significant proportion allocated to staff remuneration. Adequate funds are earmarked for infrastructure development and maintenance, including repairs and security.

Financial transactions follow a systematic approval mechanism, and deferred expenditure management is employed during constraints. Regular audits by internal and external auditors ensure financial transparency and compliance. Reports from auditors guide subsequent actions, ensuring financial accountability and integrity.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC of the institution monitors and periodically reviews the teaching-learning processes and adopted the methodologies/practices through various operations and ensure the attainment of CO PO mapping outcomes. This process was carried out on a continual basis by the Institutional Quality Assurance (IQAC). The institution follows Choice Based Credit System (CBCS) and adopted the AICTE model Curriculum of 160 credits since 2017-18. The curriculum was designed at Anna university following a lot of brainstorming sessions involving various stake holders including the current students undergoing the programme. The students are provided a platform to the cutting-edge technologies through the new curriculum. The students were given more lab/practice-based courses.

Internal Quality Assurance Cell (IQAC) is responsible for all various activities which are done to improve the quality education of the institution. It monitors the quality of teaching, learning and evaluation. It increases the quality initiatives of the Seminars, Guest Lectures, Workshops and Faculty development programme. The IQAC of the institution conducts two academic audits per year vigilantly. In this audit, all the course file documents, Syllabus, Timetable, Mentor cards, Lesson plan, Question paper, Answer scripts, Assignments, extra-curricular activities, etc., are checked by the IQAC team members. Finally, the queries are reviewed under Principal Guidance.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The establishment of IQAC and its rigorous efforts in reviewing the teaching-learning process, methodologies, operational processes, and learning outcomes had a profound impact on CKCET's academic excellence during the academic year 2020-21. Incremental improvements were recorded in various activities, fostering a culture of continuous enhancement. The collaborative efforts of faculty, students, and administrators, guided by IQAC's initiatives, contributed to the institution's growth and overall improvement in delivering quality education.

**INSTITUTIONAL VALUES AND BEST PRACTICES**

**7.1 - Institutional Values and Social Responsibilities**

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The institution strongly upholds the principle of gender equality as enshrined in the Constitution, ensuring equal opportunities for both male and female students. Women are given due preference in the workforce, holding key positions in committees, clubs, and cells.

The institute ensures that there is no gender inequity inside the campus, it has an exclusive Women's Development Cell (WDC) with specific objectives. The WDC aims to create awareness about equal opportunities, bring about attitudinal and behavioural changes among students, and provide a harassment-free environment. It conducts programs to empower women financially, emotionally, mentally, and physically and takes action against unfair treatment based on gender.

Regular workshops, lectures, and awareness programs are organized by the WDC to ensure the safety, security, and well-being of female students. International Women's Day is celebrated grandly each year, showcasing the talents of female students and staff beyond academics. The WDC also runs outreach programs for the benefit of rural women in the community.

The institution demonstrates its commitment to women's safety by having a Prevention of Sexual Harassment (POSH) Cell and employing female security guards for immediate assistance. Separate facilities for boys and girls are provided, and student counsellors/mentors offer academic guidance and support.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

**Solid Waste Management:**

Solid waste management involves collecting, treating, and disposing of useless materials. Proper disposal is vital to avoid pollution and protect the environment. The Institution ensures this through separate dust bins for degradable and non-biodegradable waste, as well as sanitary napkin disposal in girls' restrooms. The proactive waste management of the institute emphasizes composting, recycling, and eco-friendly practices helps in promoting a greener campus for all.

**Liquid Waste Management:**

Liquid waste management involves separate collection of kitchen/bathroom and processed using sewage plant recycled liquid waste used for watering trees/plants.

**Biomedical Waste Management:**

CKCET is not involved in any kind of biomedical work and does not require any biomedical waste management.

**E-Waste Management**

E-waste management involves proper recycling through designated recyclers to avoid hazardous materials' improper disposal.

**Waste Recycling System**

The waste recycling system promotes sustainability, with paper waste used for creative purposes, ruled sheets converted into notebooks for underprivileged students, and corrugated boxes upcycled into dustbins. Plastic and PET bottles are collected separately and sold to recyclers.

**Hazardous chemicals and radioactive waste management.**

The institute does not involve in activities related to hazardous chemicals and radioactive substances.

**7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).**

**Our Institution provides an inclusive environment for everyone with tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities. The college promotes the harmony towards each other by organizing**

various activities like sports meet, cultural activities inside the college. The initiatives are to promote better education, economic upliftment of the needy and setting communal harmony.

Celebratory days like Women's Day, International yoga day, Republic Day, Independence Day, Engineer's Day, Teacher's Day along with many regional festivals like Community Pongal, Dasara (Ayudha Pooja), Diwali, Christmas, Bakrid are celebrated in the college. This establishes positive interaction among people of different racial and cultural backgrounds. Institute has code of ethics for students and a separate code of ethics for teachers and other employees which has to be followed by each one of them irrespective of their cultural, regional, linguistic, communal socioeconomic and other diversities. Blood donation camp is annually organized at CK college of Engineering and Technology in association with Government Hospital of Cuddalore, where students, faculty and staff contributed voluntarily by donating blood for the noble cause of serving society and proudly adorn the badge of a blood donor.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

CK College of Engineering and Technology emphasizes the constitutional obligations of values, rights, duties, and responsibilities of citizens. Republic Day and Independence Day celebrations remind students and employees about the country's struggle for freedom and the importance of respecting the National Flag and Anthem. Various academic and co-curricular activities, such as blood donation camps and road safety awareness, sensitize students about their rights and duties as Indian citizens.

Moreover, the college introduced the WIN@LIFE class, focused on improving students' goals and understanding their values and habits. Storytelling and motivational tools are utilized to inspire students in various areas of life.

The college also organized a Voters Awareness Campaign, featuring interactive workshops and seminars to promote informed and responsible participation in the democratic process. The campaign educated participants about voting rights, electoral procedures, and the role of citizens in shaping the nation's future.

CK College of Engineering and Technology fosters a socially responsible and informed community by instilling constitutional values, encouraging innovation, and promoting active citizenship through various educational initiatives and campaigns.

## 7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

CK College of Engineering and Technology, together with its faculty and students, annually hosts a range of programs to commemorate national festivals and honour great Indian personalities' birth and death anniversaries.

Engineers Day on 15th September, dedicated to Bharat Ratna Mokshagundam Visvesvaraya, is a significant celebration at the college. In 2021, the theme focused on the "Role of Engineers in a developing India," and the Institute actively observed Engineer's Day. Another important occasion is Teacher's Day, honouring Dr. Sarvepalli Radhakrishnan, where the staff club organizes activities to appreciate the faculty's invaluable contributions. In 2021, a tree planting event followed by lunch was held as part of the Teacher's Day celebration. Independence Day on August 15, 2021, was celebrated with grandeur at the University premises, with enthusiastic participation from students and faculty members. On August 9, 2021, a pledge-taking ceremony was organized, where the 'New India Pledge' was circulated to all faculty members. The Pongal festival, a thanksgiving ceremony for the year's harvest, was celebrated with zeal across South India. CK College of Engineering and Technology takes pride in hosting various functions, fostering a spirit of joy and unity among its community members.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

## Best Practices 1 :

The "Students Innovation Club" at CK College of Engineering and Technology, Cuddalore, aims to foster innovation among students.

The club provides a platform for students to understand engineering concepts and implement them through innovation. It encourages interdisciplinary networks, interactions with professionals, and participation in outside competitions.

Invitations for project/paper presentations are sent to various colleges through the SIC coordinator and displayed on notice boards. Interested students submit proposals through their guides, and the SIC committee shortlists eligible students. Approved students attend the program with official approval.

Challenges include managing high student interest and limited on-duty opportunities. However, the club remains committed to nurturing creativity and innovation among students..

Best Practices 2 : IImprove Skills for Students and FacultInvest in Yourself (IIY). By using cutting-edge technology outside of the scope of the typical curriculum, the IIY practise hopes to motivate students and faculty to improve their technical skills. The students are encouraged to take two online courses every yearas part of IIY's promotion of learning about new developments in their respective fields. A better wage package for students, product development, innovation, start-ups, and faculty members with high-caliber research papers are all outcomes of IIY.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The "Students Innovation Club" at CK College of Engineering and Technology, Cuddalore, aims to foster innovation among students. The club provides a platform for students to understand

engineering concepts and implement them through innovation. It encourages interdisciplinary networks, interactions with professionals, and participation in outside competitions.

Invitations for project/paper presentations are sent to various colleges through the SIC coordinator and displayed on notice boards. Interested students submit proposals through their guides, and the SIC committee shortlists eligible students. Approved students attend the program with official approval.

The club's success is evident through students' achievements in paper and project presentations. They have won top prizes in competitions on topics like nanotechnology, robotics, and green technology.

Challenges include managing high student interest and limited on-duty opportunities. However, the club remains committed to nurturing creativity and innovation among students.

For details, contact Dr. S. Saravanan, Principal of CK College of Engineering and Technology, at 9344934806 or [principal@ckcet.com](mailto:principal@ckcet.com).

### 7.3.2 - Plan of action for the next academic year

The future plans of Action for next Academic year

1. To make the learning ambience completely ICT enabled.
2. To create research center
3. Promote entrepreneurship cell to support the students for their innovative start-ups.
4. Strengthen the faculty publications and insist all the faculty members to register Ph.D.
5. Promote consultancy services and extend the services to government organization.
6. Maintain the eco friendliness of the campus by adopting proper green initiatives.
