

Institution strategic plan

6.2.1 The institutional Strategic / Perspective plan is effectively deployed

The Institution has developed a strategic plan and adopted for an improvement of the institution are as follows;

- Efficient Teaching-learning methods through an Academic planning and preparation of an Academic Calendar with the proper lesson plan and guidance by the well qualified faculties.
- Faculty meetings are scheduled and conducted accordingly with the heads of the department. The minutes of the meetings are communicated to the Principal who finally consolidates the suggestions for an approval.
- Encourage the students and faculties to qualify them in MOOC (Massive Open Online Courses) through Invest in Yourself courses.
- Collaboration between industries and educational institutions helps in aligning academic curriculum with the skills and knowledge required by industries.
- Encouraging the students to Participate in co-curricular events can significantly enrich a student's overall educational experience and contribute to personal and professional development.
- Encourage students to participate in Extra curricular activities carried on by the physical director to emphasize the development of skills such as leadership, teamwork, communication, time management, and problem-solving.
- Encourage entrepreneurship through Entrepreneurship Development Cell (EDC), strengthen alumni engagement, and sign MOU's with the industries.
