

ACTION TAKEN FOR STUDENTS FEEDBACK (2019 – 20)

S. No	Total No. of Feedbacks Received	Threshold Value (Out of 3-pt Scale)	Actual Feedback Received (3-pt Scale)	Feedback Question	Action taken Report
1	890	2.77	2.73	Laboratory experiments enable experiential learning to understand concepts	Laboratory experiments were conducted to facilitate experiential learning, allowing students to actively engage with and understand scientific concepts. The hands-on approach enhanced comprehension and retention of theoretical knowledge through practical application
2	890	2.77	2.75	The equipment and computers available are sufficient to meet the needs of the students	A thorough inventory and assessment confirmed that the current equipment and computers are adequate to meet all student needs. No additional resources are required at this time, ensuring effective support for academic activities
3	890	2.77	2.75	The library environment is pleasant and conducive to self-directed learning	Regular evaluations of the library's atmosphere and amenities confirmed it as a pleasant, encouraging environment for self-directed learning. Adjustments, including optimized lighting and comfortable seating, were made to further enhance student study experiences
4	890	2.77	2.76	Institute have good transport facilities and proximity to public transport	The institute's transportation services were reviewed and confirmed to be efficient, with sufficient buses covering key routes. Additionally, its strategic location near public transport hubs ensures easy accessibility for students and staff

ACTION TAKEN FOR FACULTY MEMBERS FEEDBACK (2019 – 20)

S. No	Total No. of Feedbacks Received	Threshold Value (Out of 3-pt Scale)	Actual Feedback Received (3-pt Scale)	Feedback Question	Action taken Report
1	45	2.65	2.63	Faculties monitor complete academic performance of students and adopt teaching methodologies that suit different learners	Faculty members consistently track students' academic performance through regular assessments and feedback sessions. They employ diverse teaching methodologies, including interactive lectures, group discussions, and personalized coaching, to accommodate various learning styles
2	45	2.65	2.64	The classroom and laboratory environments are conducive to effective instructional delivery and practical learning	Classroom and laboratory environments were optimized with updated equipment, ergonomic furniture, and adequate lighting to support effective teaching and practical learning. Regular feedback from students and faculty ensures continuous improvements to maintain high standards of instructional delivery
3	45	2.65	2.63	The canteen, dining, and hostel facilities meet hygiene standards and are sufficient	Following comprehensive inspections, necessary upgrades were made to ensure the canteen, dining, and hostel facilities meet stringent hygiene standards, ensuring the well-being of students and staff. Adequate resources and staffing were allocated to maintain cleanliness and cater to the needs of the campus community effectively

ACTION TAKEN FOR ALUMNI FEEDBACK (2019 – 20)

S. No	Total No. of Feedbacks Received	Threshold Value (Out of 3-pt Scale)	Actual Feedback Received (3-pt Scale)	Feedback Question	Action taken Report
1	45	2.60	2.57	Faculties and their mentorship have contributed to improving academic performance and excelling in both co-curricular and extra-curricular activities	Faculty mentorship programs were strengthened to provide personalized guidance, contributing to improved academic performance and exceptional achievements in co-curricular and extra-curricular activities. Tailored support and encouragement from faculty members fostered a culture of holistic development among students, resulting in notable accomplishments across various domains
2	45	2.60	2.57	Faculties have adopted both face-to-face teaching and online learning methodologies	Faculty members have seamlessly integrated both face-to-face teaching and online learning methodologies to cater to diverse student needs and preferences. This approach ensures flexibility and accessibility, enriching the learning experience and promoting effective knowledge dissemination

ACTION TAKEN FOR EMPLOYER FEEDBACK (2019 – 20)

S. No	Total No. of Feedbacks Received	Threshold Value (Out of 3-pt Scale)	Actual Feedback Received (3-pt Scale)	Feedback Question	Action taken Report
1	10	2.60	2.58	Our graduates possess strong technical skills and expertise in their respective domains	Regular curriculum reviews and industry feedback sessions have been conducted to ensure alignment with current trends and technological advancements, enhancing graduates' technical skills and expertise. Additionally, practical training, internships, and hands-on projects have been incorporated into the curriculum to provide real-world experience, further strengthening graduates' competency in their respective domains
2	10	2.60	2.58	The institution's ambiance has fostered in students a strong team spirit and leadership qualities through their participation in co-curricular and extra-curricular activities	The institution has implemented a variety of team-building exercises and leadership development programs to cultivate a strong sense of camaraderie and leadership among students. Active involvement in diverse co-curricular and extra-curricular activities has provided ample opportunities for students to hone their teamwork and leadership skills, contributing to their holistic growth and development

ACTION TAKEN FOR STUDENTS FEEDBACK (2020 – 21)

S. No	Total No. of Feedbacks Received	Threshold Value (Out of 3-pt Scale)	Actual Feedback Received (3-pt Scale)	Feedback Question	Action taken Report
1	935	2.76	2.74	Laboratory experiments enable experiential learning to understand concepts	Faculty Members are asked to ensure the effectiveness of laboratory experiments which enable experiential learning to understand concepts
2	935	2.76	2.72	The library environment is pleasant and conducive to self-directed learning	The library environment was enhanced with better design, resources, and services, leading to increased usage and improved self-directed learning among students. Continuous improvements based on student feedback will ensure ongoing support for their academic success
3	935	2.76	2.74	Digital Library has enough resources like virtual lab, eBooks, e-Journals and Database which enhances ICT learning	The digital library was enriched with virtual labs, eBooks, e-Journals, and databases, significantly enhancing ICT learning. Ongoing expansions and user support ensure continued improvement and accessibility
4	935	2.76	2.73	Clean and Green campus; Plastic-free and eco-friendly campus	Implemented initiatives for a clean and green campus by promoting plastic-free policies and eco-friendly practices, resulting in a sustainable and environmentally conscious environment. Continuous efforts include waste reduction, recycling programs, and green landscaping
